EXPERIENCE

Project: Online Learning Platform (E-Learning System) | Mar – Jun 2025

Link Project: https://github.com/KhoiNguyendes23/DA_Web_HocOnline

- Developed an E-Learning website supporting students and lecturers with core features: user registration/login, role-based access control (Admin, Lecturer, Student), course/lecture/test management, learning progress tracking, shopping cart, and online payment.
- Designed a normalized database (3NF) to ensure data integrity and high performance.
- Integrated MoMo payment gateway for secure and convenient transactions.
- Built a user-friendly, multilingual interface optimized for both desktop and mobile experiences.
- Implemented using ASP.NET Core MVC (.NET 9), Entity Framework Core, SQL Server, with HTML, CSS, JavaScript, Bootstrap 5, jQuery, AJAX.
- Managed source code with GitHub and tested across multiple modern browsers (Chrome, Edge).

Project: Mini Club – Sports Event Mobile App | Jun – Aug 2025

Link Project: https://gitlab.com/khoinguyendes23-group/miniclub

- Built a cross-platform mobile app using Flutter (Dart) and Firebase to create, manage, and join sports events.
- Implemented key features: user authentication, event management, profile settings, friend connections, and real-time chat.
- Integrated Firebase Authentication, Firestore, Cloud Storage, and Google Maps API for secure data handling and event location services.
- Designed an intuitive UI/UX with Figma and applied Provider for state management.
- Enhanced community engagement by enabling seamless interaction and event discovery.

EDUCATION

Ho Chi Minh University of Technology | Current
Major: Information Technology - Expected Graduation: 2026

LANGUAGE

English – Average – CEF B1 (01/2024)

SKILLSET

Programming Languages: Java, C#, Dart, JavaScript
Web Development: HTML, CSS, Bootstrap, jQuery, AJAX
Mobile Development: Flutter (Dart), Firebase (Authentication, Firestore, Storage, Realtime Database)
Databases: SQL Server, MySQL
Tools & Version Control: Git, GitHub, GitLab, Visual Studio, Android Studio, VS Code, PyCharm
Other Skills: RESTful APIs, Object-Oriented Programming (OOP)
Soft Skills: Communication, Teamwork, Problem-Solving
